<u>Day 2</u>	Kayaking and Orca Viewing
	We start off the day with a hearty breakfast prepared with great care by your guides. Whale watching will be our priority today and we will keep our ears and eyes open for any news of whales in the area. By staying in touch with our network of whale researchers and watchers by way of our marine radios, we will be sure to have the best opportunities to encounter whales, porpoises or dolphins that may be in our vicinity. When the opportunity arises, the guides will use a hydrophone so we can listen in on the whale conversations taking place below us!
	Accommodation: Floating Lodge
<u>Day 3</u>	Grizzly Bear Viewing Tour
	After an early rise we will enjoy breakfast, then set out with a high-speed water taxi up Knight Inlet to the world famous Glendale River for our grizzly bear viewing adventure. The day will be spent learning about and viewing these magnificent creatures in their natural habitat. Don't forget your camera!
	Accommodation: Floating Lodge
<u>Day 4</u>	Kayaking and Orca viewing
	Today will be spent exploring the area by kayak looking for more whales and other wildlife viewing opportunities. We will enjoy the rugged coastline while we immerse ourselves in this incredible environment.

	After another hearty breakfast, we will pack up our belongings and prepare for departure on the high-speed water taxi at 08:30 hrs. Once returned to Port McNeill we will join up with the Naiad Explorer and embark on a whale viewing adventure.
